## SKILLS

### W

#### WordPress!

I'm a total WordPress rockstar, whipping up custom solutions like nobody's business. Whether it's coding bespoke plugins to add killer features or designing sleek, responsive themes from the ground up, I've got the skills to make it happen. I can dive into the nitty-gritty of WordPress to optimize performance, integrate APIs, or build complex functionality that makes sites stand out. My code is clean, efficient, and ready to bring any vision to life with a professional edge.

### P

#### PHP

I'm a PHP pro who can spin up robust, scalable solutions like it's a walk in the park. From crafting custom applications to building dynamic, database-driven websites, I know my way around PHP like the back of my hand. Whether it's coding complex backend logic, integrating APIs, or optimizing performance for high-traffic sites, I deliver clean, secure, and efficient code that gets the job done. My knack for problem-solving means I can tackle any challenge and make your project shine.
